BCM™

GEORGIA

Love thy Neighbor

The Seeds of Change Society

With only 45% of Americans able to cover a \$1,000 emergency with their savings and the cost of housing and living up, many Georgians are ending the month with less money. Over 72,000 evictions were filed in Atlanta the first 7 months of the year alone. BCM Georgia serves as the stopgap to households during a financial crisis and provides strategic support to prevent eviction.

The Seeds of Change Society is a giving circle within BCM Georgia established to respond to Georgians facing eviction and working towards economic empowerment. Together, like minded women gather to fellowship, raise awareness, and funds to support the mother's, children and families in Budget for Life™ through an annual luncheon.

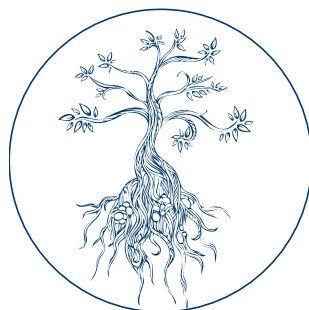

Budget for Life™ is a 12-month financial education program for individuals and families focused on building skills and habits for financial stability. This program sets up households for long term success by working on debt reduction, opening and/or maintaining checking accounts, and financial planning. Each household receives funding towards housing while they turn income towards paying off debts.

Grant an Extra Wish

The Seeds of Change Society started the Extra Wish in 2023 for Budget for Life participants. This award provides a \$1,000 grant for an applicant's Extra Wish beyond the program's housing support. Extra Wish covers families needs which are too high a cost to be covered alone: health care costs, fixing broken down cars, and providing furniture for a family with out it.

Benefits of Sponsorship

As a sponsor, you will align your brand with one of the most effective and well-respected nonprofits in the Atlanta area and improve the quality of life in our city by helping limited income families reach their full potential and live a financially secure lifestyle.
